

**CABLETECH
2026**

NOW PART OF

**BHARAT
ELECTRICITY
SUMMIT 2026**

POWERING A CLEAN FUTURE

19-22 March 2026, Yashobhoomi, Dwarka, New Delhi

21 March 2026, New Delhi

ANNOUNCEMENT

Central Power Research Institute (CPRI) is pleased to inform that the 13th edition of **CABLETECH 2026**, originally scheduled to be held during 18–19 June 2026 at Bengaluru, will now be organised as an integral part of the **Bharat Electricity Summit 2026**, to be held during 19–22 March 2026 at Yashobhoomi, New Delhi under the patronage of Ministry of Power, Government of India. **CABLETECH 2026 is scheduled on 21st March 2026 at Hall: Palash A, 6F (GBR) during the Summit.**

This strategic integration brings CABLETECH 2026 on to a larger International platform under the ambit of Bharat Electricity Summit 2026, thereby significantly enhancing its visibility, outreach, and cross-sectoral engagement. By aligning with a premier International summit focused on the power and electricity ecosystem, the conference will benefit from expanded participation across policy makers, utilities, manufacturers, technology providers, researchers, and academia.

CPRI firmly believes that this convergence will provide broader industry exposure, deeper technical exchange, and stronger stakeholder collaboration, while amplifying the impact of discussions related to power cables, testing, standards, innovation, and emerging technologies.

We request all sponsors, researchers, industry representatives, utilities, academic institutions, and professionals who have expressed interest in CABLETECH 2026 to kindly take note of this change in schedule and venue. We sincerely invite your continued engagement and active participation in making this edition more impactful and far-reaching than ever before.

CPRI values the unwavering support and patronage extended by the community over the years and look forward to your continued association in delivering a technically enriching and significant event.
