Webinar on

"Performance and Safety Testing of Batteries"

30 जुलाई 2026 (गुरुवार) / 30th July 2026 (Thursday)

14:00-17:00 (IST)

आयोजक / Organized By

विद्युत उपकरण प्रौद्योगिकी विभाग

Electrical Appliances Technology Division (EATD)

केंद्रीय विद्युत अनुसंधान संस्थान

Central Power Research Institute (CPRI)

बेंगलुरु, भारत / Bengaluru, India

www.cpri.res.in

About CPRI

CPRI, an autonomous organization under the Ministry of Power, Government of India, is a leading national institute for applied research, testing, certification, and consultancy in the power sector, with expertise in power system simulation, diagnostics, and advanced equipment testing. CPRI also plays a key role in advancing the power industry through research, innovation, and industry-focused training programs that enhance the technical capabilities of utilities, manufacturers, and transmission and distribution companies.

About the Webinar

The EATD Division is organizing a half-day webinar on "**Performance and Safety Testing of Batteries**". The webinar is intended to provide an understanding of battery performance under various testing parameters and to explore the safety testing requirements for different types of batteries. It will be beneficial for industry professionals, start-up battery developers, researchers, and students. Eminent speakers with extensive hands-on experience will explain the fundamentals as well as the testing and safety aspects of various types of batteries as per national and international standards.

Topics

The following topics will be discussed during the webinar:

- Fundamentals of Batteries
- Need of battery testing
- National and International Standards for Battery testing
- Performance testing of batteries
- Safety testing of batteries

Registration Details

NO REGISTRATION FEES*

*However, participants have to register in the google link to receive the confirmation of participation. The programme schedule and the participation link will be shared to registered participants.
